AMENDMENT, § 1.111

Sir:

Please amend the above-identified application pursuant to C.F.R. § 1.111 as follows:

- (1) In the specification, items being added and deleted are illustrated bracketing and underlining respectively. No new matter has been added.
- (2) In the claims, changes in amended claim are shown by strikethrough for deleted matter and underline for added matter.
- (3) Each section of this amended begins on a separate sheet.

U. S. Serial No. 10/708,447

Advanced Connectek Co., Ltd.

I IN THE SPECIFICATION

- A. Please amend the “Abstract” in accordance with the substitute specification being submitted, pursuant to 37 CFR 1.125. The substitute specification and the “Abstract” therein does not contain new matter. A marked-up copy showing items being deleted and added are illustrated by bracketing and underlining respectively.
- B. Please amend the “Background of the Invention” in accordance with the substitute specification being submitted, pursuant to 37 CFR 1.125. The substitute specification and the “Background of the Invention” therein does not contain new matter. A marked-up copy showing items being deleted and added are illustrated by bracketing and underlining respectively.
- C. Please amend the “Summary of the Invention” in accordance with the substitute specification being submitted, pursuant to 37 CFR 1.125. The substitute specification and the “Summary of the Invention” therein does not contain new matter. A marked-up copy showing items being deleted and added are illustrated by bracketing and underlining respectively.
- D. Please amend the “Detailed Description of the Preferred Embodiments” in accordance with the substitute specification being submitted, pursuant to 37 CFR 1.125. The substitute specification and the “Detailed Description of the Preferred Embodiments” therein does not contain new matter. A marked-up copy showing items being deleted and added are illustrated by bracketing and underlining respectively.
